“Professionals meeting Professionals, where Knowledge and Numbers together, can make Wayne County more Literate.”

Last week’s program:

Roger Grimm gave us a great insight as to how he got started in the automobile dealership business. How a gentleman named Gene Lawson in Winchester, IN gave him a life time lease to run a Pontiac Dealership business and how it worked out for him to purchase the building and build his dealership. He talked about the uniqueness of Gene Lawson. Some of the things he would do, like Gene would pitch pennies with a customer, needing repairs done on their car, for double or nothing of the repair bill. One time it was requested by Pontiac that he add repair stalls to his garage because of the number of cars that were being sold. Gene disagreed with them but went ahead and built the garage with a dirt floor in which he housed animals instead of repairing cars. Roger continued on with several humorous stories about his relationship with Gene Lawson.

We certainly enjoyed his stories and having an insight as to how Roger established his business in Winchester.
